Pitch's New Partner

****Hello, everyone. This is my first attempt at a Rise of the Guardians fanfic. The story shows what really happened after the end of the movie where Pitch is back at his lair. Then, another source of evil appears and it forms into a person named Volkashia, a mix between a hummingbird and a rat who can fly and use his dark magic to destroy his enemies who gets in his way. It's not a chaptered fanfic, but it's a cliffhanger to the upcoming crossover "The Animevengers" with the characters from Toy Story, How To Train Your Dragon, Kung Fu Panda, Madagascar, Shrek, and Rio, Dreamworks, Pixar's and Blue Sky Studios' films and it will be in the X-Cartoon crossovers section. That's all I have to say about that and I hope that you like it. Enjoy reading and leave out some reviews, please.****

><p>Pitch's New Partner

We see Pitch at his lair after his defeat with the Guardians Jack Frost, Santa Claus, The Tooth Fairy, The Easter Bunny, and the Sandman as he tries to gain his strength back after all of the children of the world stopped believing in him.

"Someday, I will make Jack and the rest of those pathetic guardians pay for what they had done to me", said Pitch darkly and thought to himself, "_But how? I've lost all of my power. If only there is another person who will help me get back my revenge at them_."

Suddenly, a ray of darkness beamed down upon him and out of the hole came a creature a mix between a hummingbird and a rat. He is also named Volkashia and he walked towards the now-powerless boogeyman.

"Well, looks like you need some assistance, do you, Pitch?", asked Volkashia.

"Who are you and how did you know my name?", asked Pitch sternly.

"I've heard about your defeat with those guardians, am I not right?", asked Volkashia, "And where are my manners? I happen to be... Volkashia?"

"Yes, I suppose you're right", said Pitch, "It is a pleasure to meet you wherever it is that you had came from."

"I am another creature with dark powers within my shadow, Pitch and I know some of the others who were denied of their world conquering", explained Volkashia, "That is why I'm here, Pitch, to ask you one favor. Will you help me conquer... all of the world with all of your wishes?"

Pitch, feeling like he would like to do that in order to gain his revenge on the guardians, agrees and shakes his hand after Volkashia shook it.

"Well done", said Volkashia.

"Now, what is the first thing that we will have to do since that we're partners?", asked Pitch.

"There is one thing", said Volkashia, "We will destroy one of the other worlds that is far away from your lair."

"What place is that?", asked Pitch.

"China", answered Volkashia, "Where animals in clothing talk and fight using their martial arts/kung fu. Would you like to go with me and find it's greatest warriors there?"

"With all of your commands in which I will obey...", said Pitch, "I most certainly do."

Pitch chuckles evilly and gives us a dark glare before we fade to black.

><p>Sorry to make this fanfic really short. I wanted to show how Pitch gets a new partner to get revenge on the guardians.
